Delivery & Tools: Agile/Scrum, JIRA, Roadmap Planning, Figma, Product Analysis

Data & Analytics: SQL, Power BI, Advanced Excel, Python, VBA & Automation, Dashboard Development, ETL, API Integration

PROFESSIONAL EXPERIENCE

Business Analyst | PikMyCar, Chennai *Feb 2026 – Aug 2026*

- Lead 2–3 concurrent client projects end-to-end as primary liaison between clients, marketing, and engineering, aligning business goals with product delivery.
- Gather requirements and author BRDs, user stories, and acceptance criteria; run Agile ceremonies including backlog refinement and sprint planning.
- Own the project dashboard giving leadership real-time visibility into status, milestones, and risk across all active projects.
- Automated recurring reporting workflows, cutting manual report-preparation time by 80% and freeing capacity for higher-value analysis.
- Track KPIs to monitor feature adoption and engagement; validate data with SQL/Excel across multiple sources to support ETL and reporting accuracy.
- Consolidate cross-functional inputs into leadership-ready status and budget-tracking reports.

Product Analyst | Euroland IR, Chennai *Apr 2025 – Oct 2025*

- Partnered with clients and internal teams to gather requirements and document BRDs, user stories, and acceptance criteria for feature development.
- Interacted with clients across the Middle East and Europe regions to drive project implementation for investor relations solutions.
- Contributed to Agile ceremonies including backlog refinement and sprint planning to support on-time delivery.
- Built and maintained 3 Power BI dashboards for client reporting; validated data with SQL/Excel across multiple sources, supporting ETL and API integrations.

Business Analyst | Amazon, Chennai *Aug 2023 – Dec 2024*

- Coordinated with engineering teams to onboard datasets and built operational metrics and Power BI dashboards, giving leadership real-time visibility into business performance.
- Delivered analytical insights to operations and finance teams, contributing to projects that improved process efficiency and reduced operational risk by 70%.
- Investigated 60 cases to identify root causes of fraudulent behaviour, strengthening customer safety.
- Automated weekly and monthly reporting using VBA and Python, reducing manual effort by 80%.
- Awarded Emerging Team Player for exceptional delivery and teamwork.

Clinical Research Coordinator | Meenakshi Mission Hospital and Research Centre, Madurai *Sep 2021 – Sep 2022*

- Coordinated studies, audits, and site monitoring visits for clinical trials across several leading pharmaceutical companies.
- Managed cross-functional teams and mentored team members and subjects throughout trial activities.
- Delivered a critical audit under tight timelines, earning stakeholder appreciation for data accuracy and problem-solving.
- Ensured adherence to Good Clinical Practice (GCP) and regulatory guidelines, maintaining accurate, audit-ready documentation.
- Liaised with sponsors, ethics committees, and investigators to support protocol compliance and timely trial milestones.
